

# Mass spectrometry in Systems Biology and Medicine Berlin Symposium

CHARITÉ - INSTITUTE OF BIOCHEMISTRY  
CORE FACILITY | HIGH-THROUGHPUT MASS SPECTROMETRY

## INVITED SPEAKERS

**Keynote:** Benedikt Kessler, University of Oxford, Nuffield Department of Clinical Medicine

**Company Talk:** Jan Muntel, Biognosys - Next Generation Proteomics

Véronique Blanchard, Institute of Laboratory Medicine, Clinical Chemistry and Pathobiochemistry, Charité, Berlin

Tim Conrad, Institute of Mathematics, Freie Universität Berlin

Stefan Kempa, Max Delbrück Center for Molecular Medicine, Berlin

Jennifer Kirwan, Max Delbrück Center for Molecular Medicine, Berlin, BIH

Oliver Klein, Berlin-Brandenburg Center for Regenerative Therapies, Charité, Berlin

Georg Kustatscher, Wellcome Trust Center of Cell Biology, The University of Edinburgh

Fan Liu, Leibniz Institute of Molecular Pharmacology, Berlin

David Meierhofer, Max Planck Institute for Molecular Genetics, Berlin

Philipp Mertins, Max Delbrück Center for Molecular Medicine, BIH, Berlin

Matthias Selbach, Max Delbrück Center for Molecular Medicine, Berlin

Francis O'Reilly, Department of Bioanalytics, Technische Universität, Berlin

## LOCATION

Charite-Universitätsmedizin  
Campus Mitte | Charite Cross Over  
Chariteplatz 1 | Virchowweg 6  
10117 Berlin

## TIME

December 6th, 2019  
coffee from 08:30  
program 09:00 - 18:00  
followed by drinks & snacks

## REGISTRATION

[https://ht\\_ms\\_cco.eventbrite.de](https://ht_ms_cco.eventbrite.de)

## STUDENT | POSTDOC PRESENTATION

your research in a flash talk  
2 min, 1 slide, no animations
