Dear Colleagues,

We are pleased to announce that the Brain Tumor Meeting 2017 will take place at the Max Delbrück Center für Molecular Medicine (MDC) in Berlin (Germany) on May 18 - 19, 2017.

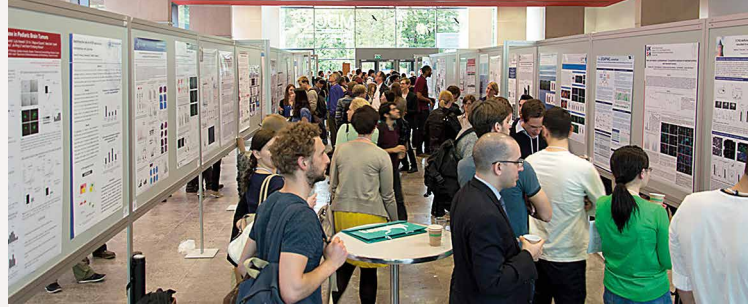

In summer 2000 Berlin neuroscientists, neurosurgeons and neurologists focusing on brain tumors initiated this scientific conference series. It was repeated in 2001, 2004, 2006, 2008, 2011, 2013, and 2015 - throughout this time the Brain Tumor Meeting gained national and international attention and attracted many leading scientist working on brain tumors.

The main focus of the meeting is to provide a platform for an interdisciplinary scientific exchange especially between scientists and clinicians. Recent discoveries on the role of glioma stem cells, on the interaction of gliomas with their microenvironment and on glioma cell death pathways have altered our understanding of glioma biology.

Internationally renowned speaker agreed to present their newest data on these topics. Furthermore, abstracts for oral and poster presentations are invited and the best presentations will be awarded a price.

We expect exciting scientific exchange and invite you to join this meeting.

The Scientific Committee

Invited Plenary Speakers

Cameron W. Brennan, (New York, USA)

Richard Gilbertson (Cambridge, UK)

Dolores Hambardzumyan (Atlanta, USA)

Eric Charles Holland (Seattle, USA)

Johanna Joyce (Lausanne, Switzerland)

Barbara Meléndez (Toledo, Spain)

Colin Watts (Cambridge, UK)

Frank Winkler (Heidelberg, Germany)

Scientific Committee

Christoph Harms (Charité, Berlin)

Frank Heppner (Charité, Berlin)

Helmut Kettenmann (MDC, Berlin-Buch, Chair)

Jürgen Kiwit (HELIOS, Berlin-Buch)

Michael Synowitz (UKSH, Kiel, Co-chair)

Peter Vajkoczy (Charité, Berlin)

Susanne Wolf (MDC, Berlin-Buch)

Abstracts

Abstract submission for oral or poster presentation are welcome.

Registration and abstract submission:
<http://www.braintumor-berlin.de>

The deadline for abstract submission is

March 27, 2017.

Duration of oral presentation:

talk: 15 min

discussion: 5 min

The official meeting language is English.

Travel grants available

The financial support consists of a maximum of 500 € for travel and accommodation.

Best Poster Prize Contest

Prizes are awarded to the best three posters presented at the Brain Tumor 2017 meeting.

- | | |
|----------|--------------|
| 1. prize | iPad pro 9.7 |
| 2. prize | iPad mini 4 |
| 3. prize | Apple watch |

A two-tier assessment will be used to determine the Best Poster Prize. i.e. (1) scoring by the program committee members and (2) voting by the meeting participants.
